# Interim Management

Periods of transition can place real pressure on fundraising delivery — particularly when a fundraising manager leaves unexpectedly and recruitment lead-in times are long. Good Fundraising offers interim management support, stepping in at short notice to provide stability, continuity and confidence.

## Steadying the Ship

If you find yourself in a challenging or uncertain position, we can provide immediate, short-term fundraising leadership to keep income flowing and plans on track. Our interim support helps ensure fundraising activity continues smoothly while longer-term solutions are developed.

## Flexible, Practical Support

Interim management support can include:

- 
- Acting as interim Head of Fundraising or Development Lead
  - Maintaining key funder, donor and stakeholder relationships
  - Managing fundraising plans, budgets and reporting
  - Supporting and mentoring staff and volunteers
  - Identifying risks and prioritising activity
  - Supporting recruitment for permanent roles
- 

Support is tailored to your organisation's needs and can be scaled up or down as required.
