

Governance Support & Clerking Services

GOVERNANCE SUPPORT & CLERKING SERVICES

Strong governance underpins effective fundraising and long-term organisational sustainability. Good Fundraising provides practical governance support to help boards of trustees operate confidently, transparently and in line with best practice even when time and resources are under pressure.

EXPERT SUPPORT FOR BUSY BOARDS

Meeting fundraising targets and delivering organisational objectives can place real strain on the administrative capacity needed to support trustee boards. We understand the complexities of charity governance and the challenges of balancing compliance with day-to-day operations.

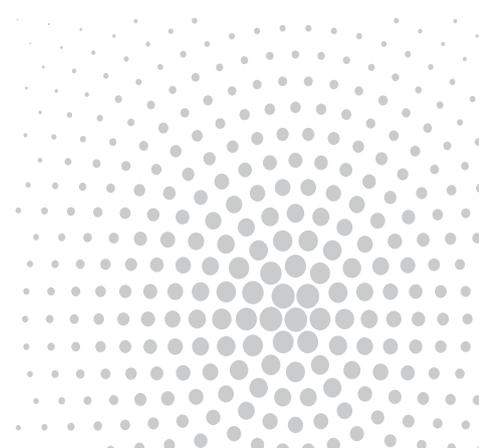

Our governance support helps ensure boards meet their legal and regulatory responsibilities, including requirements set by the Charity Commission and the Chartered Institute of Fundraising.

CLERKING SERVICES

Our full clerking service offers dedicated, professional support to your board, helping to reduce administrative burden and free trustees to focus on strategic leadership. Support can include:

- Clerking board and committee meetings
- Preparing, organising and circulating board papers
- Recording accurate minutes and actions
- Advising on governance matters and best practice
- Supporting compliance and statutory requirements
- Trustee recruitment

Services can be provided for a one-off meeting or on an ongoing basis, such as the quarterly clerking support we provide to the Community Transport Association.

GOVERNANCE BEYOND MEETINGS

Alongside clerking, we also support boards to strengthen their overall governance through:

- Reviewing governance structures
- Advising on trustee roles and responsibilities
- Supporting effective decision-making and accountability

WHY GOOD FUNDRAISING?

- ✓ Practical, experienced governance support
- ✓ Clear, compliant and well-organised boards
- ✓ Trusted partner to trustees and senior leaders
