

Strategy & Away Days

STRATEGY & AWAY DAYS

Taking time away from the day-to-day can be invaluable in helping organisations reconnect with their vision and plan confidently for the future. Good Fundraising facilitates strategy sessions and away days that give trustees, staff and teams the space to reflect, refocus and agree clear priorities.

MAKING THE MOST OF PRECIOUS TIME

Our sessions are carefully designed to ensure your time is well spent. We help you review current activity, explore future opportunities and challenges, and develop realistic, practical action plans. By the end of the day, you'll leave with clarity, momentum and a shared understanding of next steps.

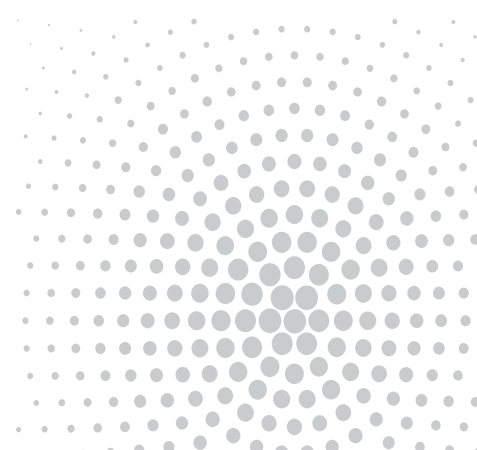

INCLUSIVE, ENGAGING AND EFFECTIVE

Good Fundraising Away Days are fun, engaging and inclusive, ensuring all voices are heard, from trustees and senior leaders to staff and volunteers. Our facilitation style supports open discussion, builds confidence and creates genuine buy-in from decision-makers and the wider team.

DESIGNED AROUND YOU

Sessions can be tailored to your organisation's needs, priorities and budget, whether you're:

- Developing a fundraising or organisational strategy
- Bringing trustees and staff together around shared goals
- Navigating change or growth
- Refreshing plans and reconnecting with your mission
